### Definitions

**Expected Maturity Date:** Prior to July 2013, this refers to the expected maturity date based on the life expectancy estimates obtained from independent life expectancy providers at the time of purchase. From July 2013 onwards, this refers to the expected maturity date based on the life expectancy estimates obtained from a life expectancy provider in 2013 or any subsequent life expectancy estimate obtained as part of the process where every policy is reviewed over the course of rolling two year periods.

**Date of Maturity:** The actual date that the policy matured.

**Expected LE:** The difference in months between the Date of Purchase and the Expected Maturity Date.

**Actual LE:** The difference in months between the Date of Purchase and the Date of Maturity.

**(Over) Under Expected LE:** The difference in months between the Expected LE and Actual LE.
